

Licensing Determinations and Contractor Licensing Responsibility

Licensing Determinations

- The Housing Authority will specify the classification(s) of a contractor license that a contractor must possess in the notice inviting bids and any plans prepared for the public works regardless of funding source.

Contractor Licensing Responsibility

- For non-federally funded projects, contractors are required to possess the requisite license(s) at the time of bid submission.
- For federally-funded projects, contractors are required to possess the requisite license(s) at the time of contract award.
