Housing Authority of the City of Los Angeles

Annual Inspections Letters

In order to simplify communications and reduce costs, you will receive a single letter listing all units scheduled for inspection. The inspection letter will list client IDs, tenant name, inspection ID, unit address, and scheduled dates of inspections.

This new provision will apply to “Notice of Annual Inspection” only. Annual inspection notices will continue to be printed and mailed to your tenants.

Inspection procedures and requirements dealing with conducting inspections remain the same.

Protection for Victims of Abuse

The Violence Against Women Act of 1994, the provisions of which are included in the Tenancy Addendum, protects tenants and family members of tenants who are victims of domestic violence, dating violence, or stalking from being evicted or terminated from housing assistance based on acts of such violence against them.

Criminal activity directly related to abuse by a member of a tenant’s household or any guest or other person under the tenant’s control, should not be the reason for terminating tenancy, or occupancy rights if the tenant or an immediate member of the tenant’s family is the victim or threatened victim of domestic violence, dating violence, or stalking.

The owner can divide the lease, or remove a household member from a lease in order to evict, remove, terminate occupancy rights, or terminate assistance to any individual who is a tenant or lawful occupant and who engages in criminal acts of physical violence against family members or others. This action may be taken without evicting, removing, terminating assistance to, or otherwise penalizing the victim of the violence who is also a tenant or lawful occupant. Such eviction, removal, termination of occupancy rights, or termination of assistance shall be effected in accordance with the procedures prescribed by Federal, State, and local law for the termination of leases or assistance under the housing choice voucher program.

The Violence Against Women Act does not limit the Housing Authority, owner or manager from evicting or terminating the housing assistance of a tenant if it can be demonstrated that housing the tenant is a threat to other tenants, if the tenant is not evicted or terminated from assistance.
