RESOLUTION RATIFYING PERSONNEL ACTIONS TAKEN BY THE HOUSING AUTHORITY
OF THE CITY OF LOS ANGELES IN RESPONSE TO COVID-19

Purpose: The purpose of this item is to request that the Board of Commissioners (the
"Board") ratify personnel actions taken by the Housing Authority of the City of Los
Angeles ("HACLA") in response to the evolving COVID-19 pandemic. Specifically, we seek ratification of the following:

1. Providing eligible active employees Paid Administrative Leave;
2. Expanding application of the Families First Coronavirus Response Act ("FFCRA") to address our employees' challenges resulting from
   COVID-19;
3. Increasing the accrual of Professional Time Off (PTO) for calendar
   year 2020 by 40 hours;
4. Permitting employees an additional opportunity to cash-out accrued
   leave benefits in calendar year 2020;
5. Reimbursing costs associated with telework by providing a monthly
   stipend up to $40.00 ($20.00 for phone and $20.00 for connectivity
   related expenses); and
6. Providing staff who are required to enter into occupied residences a
   hazard pay stipend in the amount of $30.00 per day.

Issues: The health and well-being of all our employees is of paramount importance to
HACLA. As early as February 2020, HACLA was in regular communication with
staff regarding COVID-19 and ways in which to minimize the spread of the virus,
including plans to launch a temporary telework program on a pilot basis.

On March 15, 2020, California Governor Gavin Newsom instructed all
Californians over the age of 65 and those who have a chronic health condition
that puts them at a high-risk of contracting COVID-19 to self-isolate at home.
Moreover, starting on March 16, 2020, the Los Angeles Unified School District
instituted a school closure. Nearly 40% of our staff was impacted by these
developments. In response, HACLA provided paid administrative leave and
expanded the application of the Families First Coronavirus Response Act.
Moreover, in order to ensure the continued dedication of our employees, HACLA
offered certain incentives to staff who continue to provide critical and essential
services to the community we serve. HACLA is requesting that the Board ratify
these additional benefits, as set forth below.
**Paid Administrative Leave**

On March 16, 2020, HACLA permitted active employees who were in a vulnerable population, experiencing symptoms consistent with COVID-19, or who had childcare issues related to COVID-19 to go on paid administrative leave for a two-week period of time. This gave HACLA an opportunity to accomplish a few key tasks: (1) facilitate social distancing in the workplace; (2) provide staff an opportunity to address unexpected health and/or child-care issues; (3) roll-out a more expansive telework arrangement; and (4) analyze the applicability of the FFCRA to HACLA staff. In order to properly implement the FFCRA, Paid Administrative Leave was extended for an additional week through April 4, 2020.

**Families First Corona Virus Response Act**

On March 18, 2020, the President signed into law H.R. 6201, the FFCRA, which became effective on April 1, 2020. The FFCRA provides two options for paid leave to employees who are unable to work, or telework, due to the COVID-19 Pandemic: (1) Emergency Paid Sick Leave; and (2) Public Health Emergency Leave (an emergency expansion of the Family Medical Leave Act).

HACLA adopted a FFCRA-compliant plan to cover current full- and part-time HACLA employees, including Casual and Per Diem workers. HACLA’s plan extends the FFCRA benefits beyond the minimum threshold. Specifically, HACLA expanded the benefit to staff who fall within a vulnerable population due to their age or health condition and eliminated the daily and aggregate caps under the emergency paid sick leave. A summary of the HACLA plan is attached.

**Professional Time Off**

Currently, HACLA employees who are exempt from the overtime provisions of the Fair Labor Standards Act and who regularly work extra hours, attend evening meetings, and/or are required to participate in job-related weekend activities or functions for which they do not receive paid overtime, are able to earn up to 120 hours of PTO.

The current pandemic has taxed our staff with responsibilities well beyond what they would have otherwise been expected to do as part of their standard duties. Staff in key support departments are working well into the evenings, and on weekends and holidays, to meet the needs of the agency during this challenging time. As such, for calendar year 2020, we have increased earnable PTO from 120 hours to 160 hours.
Additional Cash Out of Leave Benefits

HACLA staff accrue general leave on a pay-period basis up to a specific accrual cap as set forth in the applicable memorandum of understanding with the bargaining units. Moreover, they are permitted to cash-out the general leave accruals twice per year, provided that they maintain a minimum balance of 240 hours.

In light of the current state of emergency, staff have been unable to utilize their accrued general leave benefits and are hitting their accrual caps. As such, they are being provided an additional opportunity to cash-out accrued but unused general leave hours.

Reimbursement of Telework Expenses

Best practices and legal guidance requires that employers reimburse employees for costs and expenses incurred in the course and scope of employment. Due to the expansive telework arrangement that was rolled out in response to this pandemic, many staff are being asked to utilize their own phones, computers and Wi-Fi. Based on a reasonable estimate of costs associated with teleworking, we provided reimbursement in the amount of $20.00 per month for personal phone use and $20.00 per month for connectivity (i.e. Wi-Fi). This is available beginning in April and for months in which staff will telework as a result of the COVID-19 pandemic.

Hazard Pay

HACLA provides a critical function to the community that it serves. As such, staff continue to perform their essential functions, including responding to emergency and urgent work orders and performing unit inspections (utilizing personal protective equipment) in private and occupied residences. Each day, staff enter units and interact with members of the public, knowing that they are taking a risk but remain committed to our mission. To acknowledge their efforts and encourage their continued commitment, we have provided a hazard pay stipend in the amount of $30.00 per day, to staff who as part of their regular responsibilities enter into occupied units.

Hazard pay became available on April 13, 2020, and is intended to be available until the stay at home orders are lifted or sufficiently eased. Eligible staff and bargaining units include the following:

- American Federation of State, County and Municipal Employees – Inspectors
- Los Angeles County Building & Trades Council – Building Repairer, Carpenter, Electrician, Gardener Caretaker, Per Diem Ceramic Tile Setter, Per Diem Laborer, Per Diem Painter, Plasterer, Plumber, Plumber Crew Chief, Residence Cleaner, Spray Painter and Tile Setter
- Council for Housing Professionals Administration – Assistant Housing Managers (who oversee Inspectors)
- Service Employees International Union – Maintenance Supervisors
Vision Plan: The benefits offered are consistent with HACLA’s vision plan. Specifically, these benefits promote a safe workplace, commitment to serving the community, and continued support for our employees and community in light of the challenges associated with COVID-19.

Funding: The Chief Administrative Officer confirms the following:

Source of Funds: Pursuant to the federal CARES Act adopted on March 27, 2020, significant additional funding will be disbursed to public housing agencies for additional costs incurred during the pandemic, including but not limited to additional operating expenses such as those described here.

Budget and Program Impact: At this time, precise cost projections for each of the items described here are not available as all covered employees are not known with certainty at this time. However, as noted above, additional operating funds are available to cover this unique costs.
