**Purpose:** 

To establish a panel of grant writing and grant administration professionals to support the capacity and initiatives of the performance management, strategic development, executive, and grant operations of the Housing Authority of the City of Los Angeles ("HACLA").

Regarding:

This report represents the Board of Commissioner's initial action on creating a grant writing and grant administration panel of firms for services to be provided on an asneeded basis pursuant to award under RFP HA-2021-129.

Issues:

Grant writing and grant administration services play a key role in helping grow our funding streams and further build our capacity in alignment with HACLA's Vision Plan through fundraising and administration that best supports our work and helps increase the reach of our services.

HACLA has successfully used outside expertise in the past for larger, more complex grants, such as Transformative Climate Communities and HUD Choice Neighborhood Initiatives. Procuring these services after the initial notice of funding opportunity has opened reduces the time available for a consultant to engage as deeply as might be necessary to produce the best results. Therefore, the creation of an existing panel will give the Authority an advantage by having the team in place early to help with initial crafting and approach as well as all the final touches.

Additionally, as HACLA continues to diversify its resources to meet our mission, the Authority will need additional assistance crafting applications for a larger variety of funders and establishing a strong and responsive grant administration approach. The skills provided by these experts go beyond what HACLA can currently offer to meet our needs through in-house talent.

Establishing this panel is necessary to meet grant submittal timing while also honoring our required bidding protocols. It also represents a more proactive approach to lock in competitive pricing and create a planned pipeline of service usage over the next five years.

Procurement: On July 2, 2021, HACLA issued Request for Proposal HA-2021-129 on the City of Los Angeles' Business Assistance Virtual Network ("LA-BAVN") website seeking proposals from qualified firms or teams with extensive experience in Grant Writing and Grant Administration services for the purpose of establishing a panel of such providers that could be utilized on an as-needed basis over a five-year term. One addendum was issued on July 14, 2021, to provide answers and clarifications to questions received by the submittal deadline of by July 9, 2021. Proposals were due

on August 2, 2021, and a total of three (3) proposals were received as follows:

A three-member panel ("Panel") consisting of three HACLA employees met on September 7, 2021, and completed their initial review of the proposals. The Panel unanimously determined that the two top ranked proposals (shown in bold in chart below) were competitive and warranted an opportunity to each submit a Best and Final Offer ("BAFO"). The Panel reevaluated the proposals based on the BAFOs and adjusted the over-all consensus scoring as detailed below. Liou Choice's Panel consensus score is significantly higher than that of CCI's in recognition of their much more comprehensive proposal including demonstrated grant administration skills, while CCI's consensus score reflects their greater focus on grant writing services.

Staff proposes to award to The Liou Choice a majority of the contract award (\$1,100,000) based upon HACLA's projected needs for their grant writing and grant administration services over the next five years. Additionally, The Liou Choice and its subcontractor, EJP Consulting, currently assist HACLA with administration of the Jordan Downs CNI Grant pursuant to a contract that expires in October of 2022. This proposed award will enable the firm to continue to provide HACLA with uninterrupted technical support and grant administration services for the duration of the existing CNI Grant award term. In addition, staff hope to apply for and received future Choice

Neighborhood grants for Rancho San Pedro and William Mead, each in the amount for \$35 Million, with assistance from The Liou Choice.

Staff desires to award to CCI an initial amount of \$100,000 for grant writing services.

The proposed Resolution, if approved, will authorize the President and CEO, or designee, to award up to an additional \$900,000 to both firms progressively over the course of the next five years based upon HACLA's business needs, vendor expertise and performance.

## Vision Plan: PATHWAYS Strategy #7: Identify opportunities to reduce operating and administrative costs so that scarce resources are maximized.

Through the Grant Writing and Grant Administration panel, we are reducing costs by locking in professional services rates over a five-year period, enabling staff to meet short grant submittal deadlines and meet related vendor partnership requirements through advance procurement, and helping expand HACLA's services to its residents.

### **Funding:** The Chief Administrative Office confirms:

Source of Funds: Will vary, but will include federal and non-federal dollars as well as grant funding. On an annual basis, HACLA will assess the grant writing and grant administration needs for the upcoming year and make specific budget allocations to approved projects. Over the panel term, the President & CEO, or designee, will have the authority to adjust funding between approved vendors based on need and the specific expertise required ensuring the combined grand total does not exceed the maximum payment obligation.

Program and Budget Impact: Services are anticipated for three units: Strategic Initiatives, Asset Management, and Development Services. Strategic Initiatives anticipates utilizing these services for existing grant obligations and upcoming opportunities and estimates usage of \$125,000 a year on average for grant writing and administrative services to support existing and newly awarded funding opportunities and ongoing fundraising and outreach campaign goals. If successful in pursuing or receiving larger, complex grants like Choice Neighborhoods or Transformative Climate Communities additional funds in the amount of \$1,175,000 would be spread of the term of those multi-year grants to cover additional more complex grant writing and administration work. Asset Management anticipates needing \$35,000 per year, and Development Services anticipates grant writing services not exceeding \$25,000 per year. Setting the maximum payment obligation at \$2,100,000 over five years significantly reduces a potential need to return to the Board for additional contracting authority approval.

#### **Environmental**

Review:

The requisite collateral developed through the Grant Writing and Grant Administration panel will undergo the appropriate approvals process in accordance with the respective State and Federal regulations.

Section 3:

CCI and The Liou Choice have each submitted Economic Opportunity Plans in conformity with HACLA's Section 3 Policy and Compliance Plan. CCI will contribute to the Section 3 Scholarship Fund, and The Liou Choice will make best efforts to identify job opportunities for Section 3 Workers in outreach and planning. If not feasible, they will contribute to the Section 3 Fund.

### F. Review of Proposals for Responsiveness and Contractor Responsibility

The Contracts Administration Manager determined that the proposals were responsive and responsible.

### G. Panel Review

A three-member panel ("Panel") consisting of three HACLA employees met on September 7, 2021, and completed their initial review of the proposals. Interviews were deemed unnecessary. The panel unanimously determined that the two top ranked proposals (shown in bold in chart below) were competitive and warranted an opportunity to each submit a Best and Final Offer (BAFO).

#### H. Best and Final Offers

On September 8, 2021, a letter requesting a BAFO was sent to the Liou Choice, LLC ("Liou Choice") and California Consulting, Inc. ("CCI"). Liou Choice and CCI timely submitted their BAFOs by September 10, 2021. Each submitted BAFOs by the September 10, 2021 deadline followed by Panel reevaluation and an adjustment to over-all consensus scoring as follows:

EVALUATION PANEL SCORES

The Contract Administration Manager has determined that the both Liou Choice's and CCI's proposals are price reasonable compared to the independent cost estimate ("ICE") completed prior to the release of the RFP.

#### I. Recommendation for Award

Staff proposes to award to The Liou Choice a majority of the contract award (\$1,100,000). The recommended award amount is based upon projected needs for their grant writing and grant administration services over the next five years including the desire that The Liou Choice continue to assist HACLA with administration of the Jordan Downs CNI Grant. The Liou Choice and its subcontractor, EJP Consulting, provide assistance with the Grant's administration under a contract that expires in October of 2022. The award will enable HACLA to continue uninterrupted technical support and grant administration services for the duration of the existing award term. In addition, staff hope to apply for and receive future Choice Neighborhood grants for Rancho San Pedro and William Mead, each in the amount for \$35 Million, with assistance from The Liou Choice.

CCI's primary services are grant writing and staff desire to award CCI an initial amount of \$100,000, with the flexibility to award both it and The Liou Choice additional amounts progressively over the course of the next five years. Additional awards would be based upon HACLA's business needs, vendor expertise and performance, as determined by the President and CEO, or designee.
